Court House Addition Is Before Board

Annex Would Be Built
Behind Present
Building

The matter of erecting an annex to the county courthouse to answer demands for additional space in various offices and to provide more modern jail quarters with a full-time custodian, is being considered by the Board of Supervisors and plans for the addition may be said to be moving ahead.

Various grand jury reports in recent years have noted the need for larger quarters and jail improvement, and it is in answer to these suggestions that the supervisors are proceeding with preparations contemplating an expenditure of approximately \$40,000.

Jens C. Petersen, Sacramento architect, was in Placerville Tuesday for the third of a series of conferences with the Board of Supervisors regarding plans for the addition and on that day concluded an agreement with the board which provided that if his plans are used, he will receive a six per cent fee.

Although the board has gone over the plans from time to time with Mr. Petersen, making suggestions for revisions and alterations of the sketches presented, it is understood the entire matter is yet in a tentative stage.

Board members are reported as not decided upon the most acceptable method of financing the improvement and are considering the possibility of (Continued on page 3)

2 DELEGATES ARE ELECTED

De Molay Chapter Will
Mark Anniversary
On Friday

Delegates and alternates to the annual state meeting of the Order of De Molay, to be held later this month at Santa Cruz, were named Monday night at the regular meeting of El Dorado chapter of the order.

The delegates are Jack Rupley and Larry Hearn. Alternates are Albert Lewis and Oscar Ward. The meeting will be at Santa Cruz April 23, 24 and 25.

The chapter also completed details in preparation for its anniversary dinner on Friday night at the Masonic temple, to which the general public will be welcomed.

The dinner will celebrate the 11th birthday of the chapter and tickets may be obtained from any member of the order.

The dinner will be followed by a meeting of the chapter at which the Majority Service degree will be conferred, and by a program of entertainment.

It is hoped that all friends of the chapter will take advantage of the opportunity to meet with them on this anniversary occasion.

City Clerk To Build New Bee Street Home

Contract for the erection of a five-room residence on Bee Street, on the east side of the home of the late Mr. and Mrs. Thomas Simas, for Esther A. Mahler, has been let to Frank Schmershal, it was learned Wednesday morning.

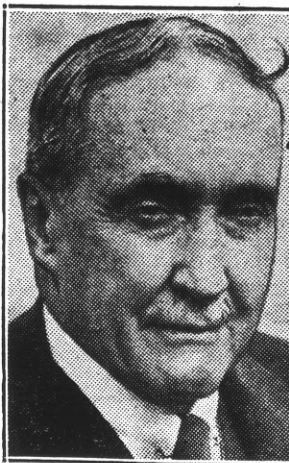

Mr. Schmershal expects to start work about the middle of the month. The structure will be of stucco trimmed in brick in the Monterey colonial style, with an adjoining garage.

Miss Mahler is building the residence for her own occupancy.

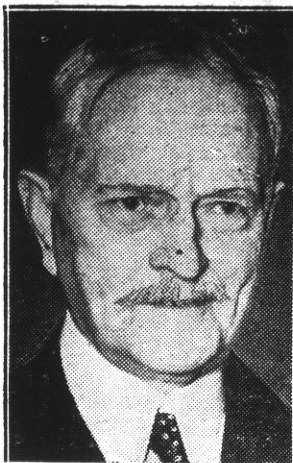

George Langlois was a caller Wednesday from Ringgold section.

Mrs. Elizabeth Reynolds is at Eugene, Oregon, on a visit to her son, Laurin.

Mrs. Mary Perschke has returned from a short business visit to Grass Valley.

UNCLE SAM'S CORONATION ENVOYS—These three widely known men have been officially designated by President Roosevelt and the State Department as representatives of the United States at King George's coronation in London, May 12. Left to right: James W. Gerard, former Ambassador to Germany; General John J. Pershing, and Admiral Hugh Rodman, retired.

COUGARS BEAT SUTTER CREEK

H. S. Nine Undeclared
This Year; Jackson
Game Friday

	W	L	Pct.
El Dorado	2	0	1000
Sutter Creek	2	1	667
Ione	1	2	333
Jackson	0	2	000

By BOB VIVIAN

Keeping up the pace that may carry them to a C. I. F. championship, the El Dorado Cougars won their second league contest and their fifth game of the season, by defeating the Sutter Creek nine at Bennett Park Tuesday, 12 to 4.

The win gave the Cougars undisputed lead in the northern Mother Lode league, a half-game ahead of the Sutter nine. The Cougars are undefeated thus far.

Tuesday's game saw Carsten again on the hill for Coach Brown's tossers, set the Amador County nine down with but four scattered hits, while his teammates touched Lugounja, Sutter Creek hurler, for ten.

Bunching four hits, aided by three walks and two errors, the Cougars tallied four runs.

(Continued on page 4)

44 BLOCKS IN MANILA BURNED

20,000 Homeless; Loss
Is Estimated At
\$1,500,000

MANILA, P. I. (AP)—The worst fire in Manila's history was brought under control tonight after it destroyed 44 blocks of tenement district, two school houses, 1,500 homes and made 20,000 persons homeless.

Despite extent of the disaster, only one death was reported—a paralytic invalid who died of shock. Three persons were injured slightly.

The flames were centered in the Tondo district, where some of the houses provided shelter for as many as three or four families.

The fire was boosted by a heavy wind which hampered efforts of the entire Manila fire department and army and navy units to combat it. The blaze swept through most of the flimsy dwellings so rapidly that occupants scarcely had time to evacuate them.

Authorities estimated damage would total approximately \$1,500,000.

Traffic Officers Ride School Buses

During this week, members of the highway patrol are riding high school buses as they go to and from the school building, making a survey of the extent to which the motoring public observes the regulations regarding passing school buses.

The survey was suggested by Principal B. E. Larson on the basis of reports on a similar survey made in Plumas County.

"The high school is not so much interested in having anyone cited for an infraction of the traffic laws as it is in having the children adequately protected as they enter and leave the buses," Mr. Larson declared.

Auburn Skiers In Tournament

4 Entries Received On
Wednesday From
Placer Club

Roy Mikkelsen, state slalom champion, and three other stars of the Auburn Ski Club will take part in Sunday's ski tournament of the Placerville ski club at Sayles Flat, it was announced Wednesday.

Entries from the Auburn club were received Tuesday evening by President Agolph Martin, adding the names of Mikkelsen, Andy Blodjer, Sig Vettsted and Orin Ellingsen to the list.

Thus the snow sport fans are assured of seeing two state champions in action, with both Mikkelsen and Gunnar Forsbeck, the Placerville Ski Club's cross-country champion, both performing.

Blodjer is a jumper as well as a cross-country man and both Vettsted and Ellingsen are jumpers.

MEXICO BANS LIQUOR SALE FOR INDIANS

MEXICO CITY (AP)—President Lázaro Cardenas announced plans today for a drastic restriction of the sale of intoxicants all over Mexico, with a total ban on manufacture and sale in Indian districts.

Cardenas announced at Cuautla, where he is traveling in Morelos state, that the government intends to force closure on Fridays, Saturdays and Sundays of every bar room and other place where alcoholic drinks are sold throughout the country.

So drastic is the plan that it is regarded here as almost approaching national prohibition because of the preponderant area inhabited by "natives," or persons of Indian descent, where sale will be forbidden.

2 Cooks Wanted For Snowline CCC Camp

Eldorado Forest headquarters has issued an appeal for two cooks, for Snowline CCC camp.

Application for the posts will be restricted to men cooks and preference will be extended to local men of experience.

Further particulars may be obtained upon application at the forest headquarters.

James E. Barnes Rites Wednesday

The last rites for James Edward Barnes, 72, who died on March 27, were held at the graveside in Middletown cemetery on Wednesday afternoon. Rev. Father T. J. Hayes officiating. Mr. Barnes is survived by an invalid sister at San Francisco, and by a niece, at Vallejo, who only recently was released from a hospital.

"Barney" was a native of Boston, Massachusetts. He spent several years of his earlier life in the Quincy and Downville vicinities and had been in this county about 16 years, being employed as a gardener and at other similar work.

Ranger Raleigh Bryan was at Tamarack Flat on Wednesday.

POSSE TRAILS FALLEN LINER

A. Smith, Who Found
Missing Ship,
Known Here

A. D. Smith, TWA superintendent at Albuquerque, who on Tuesday located the air transport which had been missing for many hours—a broken and burned wreck on the slopes of Mt. Baldy—is well-known in Placerville and is the owner of Kit Carson Lodge, at Silver Lake.

ALBUQUERQUE, N. M. (AP)—Major A. J. Smith, Bill Coyle and E. H. Vebelen, Transcontinental and Western Airlines pilots, hopped off at 8 a. m. (MST) for the scene of the TWA plane crash near Springerville, Arizona, where they planned to drop flares to guide ground parties attempting to reach the crashed air liner.

MCNARY, Ariz. (AP)—A posse of 50 Arizona peace officers and lumbermen left shortly after 8 a. m. on their long trek through deep snow to the canyon where a huge Douglas transport plane lies wrecked and burned.

The ground party, led by Sheriff John Nunn of Apache County and Sheriff Lyle Hatch of Navajo County, did not (Continued on page 4)

COL. LINDBERGH LONG OVER-DUE

Airport Officials On
Watch For Noted
Flying Pair

LONDON (AP)—Mystery veiled the whereabouts today of Col. and Mrs. Charles A. Lindbergh, who were unreported for nearly 30 hours on a flight from Zagreb, Yugoslavia, presumably toward their home in England.

They left Zagreb, near the Adriatic coast, at 11:30 a. m. yesterday (5:30 a. m. EST) and at 10 a. m. (EST) had been gone for 28½ hours with no word. Lindbergh, as usual, did not disclose his destination or route when he left Zagreb. The route from Zagreb to England is 900 miles across the Alps and the English channel.

Aviation officials all through central and eastern Europe kept a keen watch.

Teacher Association Will Meet On Friday

SAN FRANCISCO—Marking one of the most important educational conferences to be held in this state in recent years, 700 teachers, principals, superintendents and administrators from all sections of California will meet at the Palace hotel in this city on Friday, April 9, for a general discussion of the "child during adolescence."

Behind the conference subject, however, is a note of broader public appeal, according to W. S. Briscoe, assistant superintendent of schools of Oakland, who will be chairman of the conference.

Don Simmons, charged with petty theft, on complaint of A. Pillatti, was found guilty Tuesday before Justice of the Peace J. W. Landis, at Diamond Springs. The court suspended a 90-day jail term and instructed Simmons to make restitution.

County Homemakers Greet Jane Barton At Opening Of Homecraft Institute

Fifth Annual Event Is Presented Under The
Joint Sponsorship Of The Republican
And Pacific Rural Press

RECIPES

Jane Barton, conducting the Homecraft Institute, used the following recipes in her demonstrations on Wednesday:

Pioneer Baked Beets

Time, one and one quarter hours. Temperature, 350 deg. for 4 to 6 servings. In a greased casserole place in layers 2½ cups of sliced cooked beets (1 number 2 can), 2 medium onions sliced thinly. Use the juice on the beets and season with salt and pepper to taste, about ½ teaspoon of salt and butter to add richness. Bake in moderate oven.

Golden Apples

Time, 1 hour. Temperature, 350 deg. Use 1 apple per serving. Put a layer of sliced raw apples in a buttered baking dish. Drizzle honey over tops, using 3 or 4 tablespoons per apple. Pour cream to depth of ½ to three-fourths of inch from the bottom of dish. Bake in moderate oven until apples are tender and golden brown on top. Serve warm.

Lemon Pie

Put in top of double boiler 3 beaten yolks, one cup of sugar, 3 tablespoons of flour, 3½ tablespoons of cornstarch; one-eighth teaspoon of salt and mix well. Mix in 4 tablespoons of lemon juice, one and one-half cups of boiling water. Cook until smooth and thick, stirring constantly. Add ½ tablespoon of butter. Cool and pour into baked crust. Cover with meringue which will be made as follows: Beat until stiff, about ten minutes, 3 egg whites, a few grains of salt, three-fourths cup of honey. Spread on pie and bake in a slow oven. This is enough for an eight-inch pie.

Bran Pastry

Time for shell, 10 to 15 mins. Temperature, 350 deg. Enough for one 2-crust pie or two 8-inch shells. Roll until fine ¼ cup of bran. Place in sifter one and one-half cups of sifted, all-purpose flour, ½ teaspoon of salt, ½ teaspoon baking powder. Sift into bowl and add bran. Cut in ½ cup of fat. Add about 5 tablespoons cold water until all dough is lightly moistened. Roll out and prepare as usual.

Frivollettes

Time 35-40 mins. Temperature 350 deg. Enough for six servings. Cut in half lengthwise 6 hard-cooked eggs and remove yolks. Mash yolks and season as desired. A suggestion is to add ½ teaspoon prepared mustard, salt, pepper to taste and enough mayonnaise to make a paste. Grated cheese may be added to the yolks or to the white sauce. Put yolks back in whites and press halves together. Place in buttered baking dish and cover with a medium white sauce. Bake in a moderate oven. Garnish with parsley and paprika and serve as main dish for a meatless meal. White sauce: Melt ½ cup of butter, ½ cup of flour. Add ½ teaspoon of salt, few grains of pepper, ½ teaspoon of baking powder and 2 cups milk. Mix well. Cook until thick, stirring constantly.

MEXICAN SALAD

Rub salad bowl with cut garlic clove. Mix mayonnaise with lemon juice or vinegar to the consistency of French dressing. Lightly toss together diced vegetables as desired, cucumbers, tomatoes, green peppers, lettuce, avocado. Sprinkle with salt and add mayonnaise before mixing. Just before serving a handful or so of cereal flakes or croutons are lightly mixed in.

Green Glow Salad

Serving for six. Cooked asparagus may be substituted for raisins and peppers for variation. Dissolve one package of lime-flavored gelatin in one cup of boiling water. Add few grains of salt and one cup of cold water. Allow to thicken. Boil ½ cup of seedless raisins in enough water to cover them for five minutes. Drain. When gelatin is thick but before it has set, add one cup diced cucumbers (marinated in vinegar for an hour) ¼ cup of minced green chili peppers and the raisins. Pour into molds and allow to set.

Wednesday was the "day of days" for hundreds of El Dorado County housewives who gathered at the Shakespeare Clubhouse in the afternoon to welcome Jane Barton as she opened the first day's sessions of the fifth annual Homecraft Institute and Home Appliance exhibit.

The institute is presented each year by The Placerville Republican in cooperation with Pacific Rural Press.

Formal opening of the Homecraft Institute came at 2 o'clock this afternoon when C. E. Barker, publisher of The Republican presented Jane Barton to the assembled audience.

While the institute last year recorded a record attendance of something over 900, indications as the sessions got under way were that this number will be equalled this year.

In addition to the many homemakers present, there were about 40 members of the homemaking classes of the county high school who, it was said, would attend Thursday and Friday meetings as well.

Jane Barton explained the home-maker's contest to those who attended the Wednesday meeting, and it was announced that judges for the contest will be Mrs. Leo Burger, Mrs. John Nelson and Miss Irene Anderson.

Prizes, to be awarded on Friday, will (Continued on page 3)

TRAFFIC JUMPS ON BAY BRIDGE

3,344,210 Automobiles
Cross Span Up To
April 1st

SACRAMENTO (AP)—Traffic on the San Francisco-Oakland Bay bridge jumped to 766,315 vehicles during March and revenue from the tolls amounted to \$401,975. Earl Lee Kelly, director of public works, reported today.

On Easter Sunday alone, 45,633 passenger automobiles used the bridge.

Traffic during February totaled 667,563 vehicles and tolls collected amounted to \$348,009.

"While traffic under the 50-cent toll has increased steadily, there has not been a corresponding rise in revenues such as was figured on the basis of November and December patronage when the toll was 65 cents," Kelly said. "By summer we should be in position to determine what future normal traffic will be."

The bridge was crossed by 3,344,210 vehicles from November 12, the day it opened, until April 1.

Scouts' Visit To Washington June 30

On to Washington. That is the ambition of practically all Boy Scouts in the Golden Empire Council. They are hoping to be among the 66 boys, making up two full troops, who will represent the council at the National Boy Scout Jamboree in Washington, D. C., June 30th to July 9th.

A special train to accommodate 200 Scouts is being planned on a co-operative basis by five Northern California councils. Plans are for the train to leave Sacramento for the East on June 20th.

Scout Executives Harry B. Ogle of Chico, Chester Bartlett of Marysville, Harris Ricksecker of Auburn, William Hawkins of Stockton and Hazen Shower of Sacramento, are to make final plans for this excursion at a special meeting in Sacramento on Thursday, April 8th.

W. H. Hendrickson of El Dorado, was a Tuesday caller at the county seat.

Leo Newell of Volcanoville, was taken into custody Tuesday by Deputy Sheriff Gilbert Cook at Georgetown, on charges of defrauding an innkeeper.

FLORIDA CITRUS CASE DOES NOT CONCERN COAST

Federal marketing programs operating in California, and various sections of the United States other than Florida, are not in any way affected by the secretary of agriculture's suspension of regulations under the Florida citrus marketing agreement program, according to word received from F. R. Wilcox, director of the AAA Division of Marketing and Marketing Agreements, by the AAA regional office at Berkeley.

Federal marketing programs in operation include those for Pacific coast walnuts, California deciduous tree fruits, California-Arizona citrus, and Western Washington lettuce, peas and cauliflower. Tentatively approved marketing programs for Oregon cauliflower and Utah onions are also available.

The secretary of agriculture's action regarding the Florida citrus program was the result of an adverse decision rendered by Federal Judge Alexander Akerman at Tampa in connection with the validity of the Florida program.

The Florida citrus marketing program and the government's action to enforce its provisions in the federal court were upheld February 25, 1937, by Judge J. W. Holland at Miami. On March 25, in a case brought by shippers opposed to the program, Federal Judge Akerman rendered a ruling contradictory to Judge Holland's favorable decision.

"The two decisions, one favorable and the other adverse, created a situation in which shippers in eastern Florida were compelled by one judge's order to comply with the program, while in the western part of the state another judge had ruled that shippers in his jurisdiction could operate without regard for the program," Mr. Wilcox said. "The impossible situation which the disagreement between the judges created, necessitated withholding citrus regulations for Florida until the controversy is settled."

The adverse ruling by Judge Akerman in the Florida citrus case was the first of its kind affecting marketing agreement programs for fruits and vegetables since the law providing for these programs was amended in 1935. The validity of the federal marketing agreements operating in California has been upheld by the federal district

National Revenues Below Expectation

WASHINGTON (UP)—Prospects for a balanced budget next year are less promising today than at any time since President Roosevelt submitted his fiscal program to Congress last January.

Tax receipts are falling behind treasury estimates. Secretary Henry Morgenthau, Jr., announced it would be necessary for the treasury to borrow more money during the next two and one-half months to supplement tax collections.

W. H. Martins, Chowchilla, Madera County, is installing a half mile of large cement pipe to irrigate his alfalfa.

court.

A bill providing for clarification of the federal law in connection with marketing agreement programs is now pending before Congress. It was pointed out that while such legislation will not change the status of marketing agreements in effect or contemplated, it is expected to materially strengthen their legal position.

FARMS OPPOSE UNIONIZATION

Agricultural Strikes Held Due To Red Influence

SAN FRANCISCO—Farmers of California will not submit to the unionization of their workers and the imposing of closed shop conditions. Farm crops are perishables and they must not be endangered by sit-down strikes, or any other kind of strikes. Communists have fomented nearly all the strikes that have been directed against the California farmers, and these farmers will not consent to the possible domination of their homes and their industry by Reds.

These are emphatic statements made today by Colonel Walter E. Garrison, a farmer of Lodi, and president of the Associated Farmers of California. In addition, Colonel Garrison cites that California farmers are now paying their workers twice as much as paid by farmers in the two most competitive states. Mr. Garrison's statement follows:

"The secretary of the State Federation of Labor has informed a legislative committee at Sacramento that all farm labor in California is to be unionized and that the farmers face three alternatives. He has said this unionization will be done by the State Federation, by the committee for industrial organization, or by the Communists. The argument of this labor leader is specious in two ways: First, there is no certainty that all farm labor is to be organized; second, despite his conservatism, history proves he cannot keep the Communists out of such an organization.

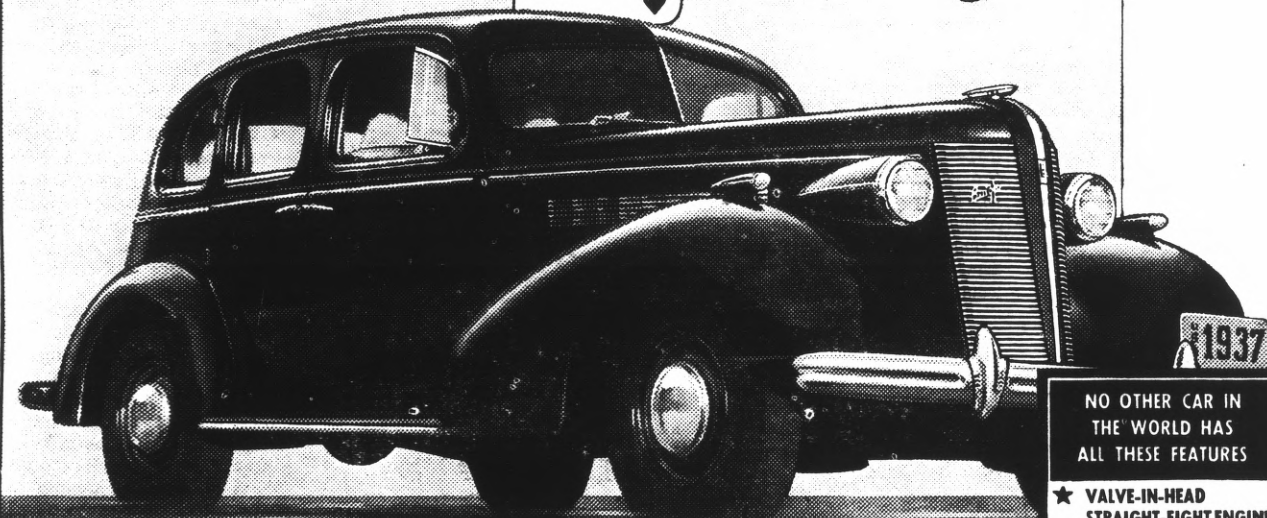

"The farmers of California declare that the nature of their industry is such that they cannot submit to union domination. Such domination has never successfully prevailed in any farming district. A few attempts to enforce such domination in California have proved futile. There exists now no condition that justifies labor agitators moving into the farming districts of this state.

HERE's the kind of picture you can make this summer—if you hitch your wagon to this star performer and travel the Buick way!

The lead is yours whenever you want it with Buick's great valve-in-head straight-eight engine to pour out torrential power at your call.

Base rides with you in the driver's seat—full-out or coasting, handling this phenomenal car takes about the same effort as handling your favorite rocking-chair!

Under your foot are the smoothest, surest brakes that ever brought you to a smooth, straight stop—all around you is the room you

want and the comfort you've pictured in the car of your dreams—here's a ride as level as an honest man's glance—a car to be as proud of as your baby!

Why should you follow the leader, when your Buick can show fleet heels to the whole roadful of cars? Why should you be satisfied with sixes—when this great straight-eight, bellwether car of the year costs only a soon-forgotten fraction more than the average kind?

It's an ace for power and an ace for steady, buoyant travel—it's a winner for smart new style, and a sure trick taker for frugal ways and wear-defying toughness. Play your trumps and the game is yours—so give us the word, and you'll be driving this sensational beauty before the weather turns really warm.

LOWEST BUICK PRICES EVER!

At today's prices, a big Buick valve-in-head straight eight costs little more than the average six outside the lowest price field! Compare delivered prices and learn how little more buys a better Buick.

BRONCHO BILL

Nell Is Insulted

By Harry F. O'Neill

INSTITUTE'S WORK BEGINS

(Continued from page 1)
be from the Cannon Chevrolet Company, the Sportsman's Shop and from Plye & Vans.

Jane Barton is being assisted in her work this year by Mrs. W. H. Kline of Placerville. This is Mrs. Kline's fourth year as Mrs. Barton's assistant for the Homecraft Institute in Placerville.

Wednesday's program concerned planning meals and housework for the busy housewife, who must arrange her affairs so that she can be away from home during the afternoons. Demonstrations in furniture arrangement and in home insulation also were included.

On Thursday afternoon, the program will concern especially the use of leftovers in cooking interesting and tasty meals and Jane Barton will also demonstrate flower arrangement.

The Shakespeare Club building will be open on Thursday evening until 9 o'clock for the convenience of husbands who may desire to inspect the Home Appliance exhibit.

Friday will be devoted to party foods, decorations and games.

All meetings begin at 2 o'clock and every effort is made to conclude them not later than 4:30 o'clock.

COURT HOUSE ANNEX MAPPED

(Continued from page 1)
a bond issue, and also the possibility of a direct tax to raise the money.

The addition would be immediately to the rear of the present building and would become a part of it, or would at least be connected with it by corridors. It is being planned that the structure will be finished on the outside in some material which will harmonize with the exterior of the present building.

The lower floor of the building would contain a sheriff's office and custodian's apartment, with office also for the El Dorado County squad of the California highway patrol. Jail quarters would be on the second floor and the arrangement would be such that prisoners would go through a corridor from the jail quarters directly to

Bookmaking Legal In Baltimore Area

ANNAPOLIS (U)—The Maryland House of Representatives today passed and sent to Governor Harry W. Nice the Senate-approved measure to permit bookmakers to operate in the city of Baltimore and five counties under \$5000 annual licenses.

Revenue from the measure will be used for relief purposes, the bill provided.

The vote was 86 to 19. Action came a few hours before the legislature adjourned.

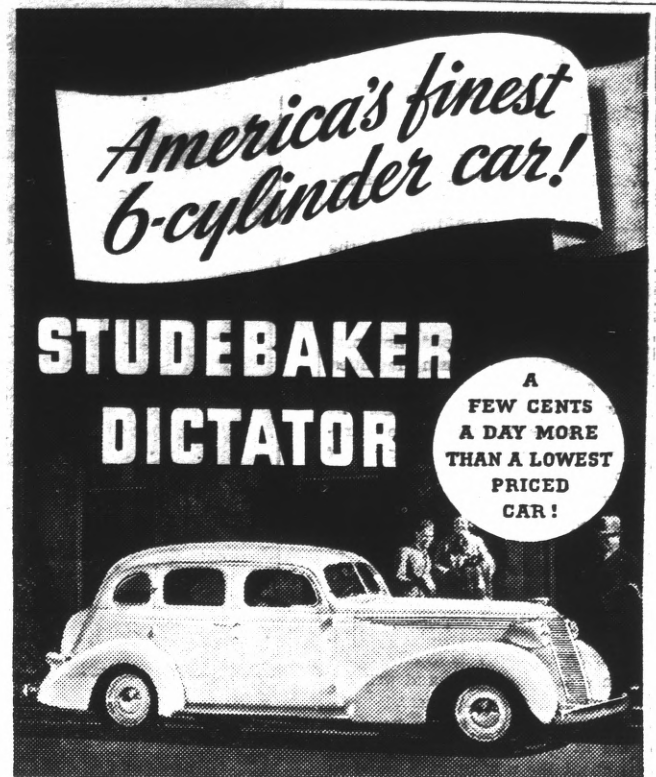

"Dad" On Sick Leave As Stork Brings Son

SAN DIEGO (U)—Because he had nervously paced the floor on the night of March 9 while awaiting the arrival of his first son, and as a result was unable to teach his classes in the San Diego schools on March 10, Paul W. Farrar today had applied for and been granted "sick leave pay."

Ranger R. C. M. Berriman of Georgetown district, and C. C. Herbert, forest road superintendent, were in the Rubicon section on Wednesday.

STUDEBAKER bars no six built in this country from this challenge. Studebaker fearlessly agrees to measure the 1937 Dictator against the whole field of sixes—on any basis you name... specifications, performance, economy, safety, workmanship, or styling.

But in all fairness let us warn you that the 1937 Dictator is the world's first six offering the dual economy of the Fram oil cleaner and the gas-saving automatic overdrive... the world's first six offering automatic hill holder plus hydraulic brakes... the world's only six with non-slam doors.

SEE HOW IT'S DONE AT THE ELECTRIC COOKING SCHOOL

Shakespeare
Clubhouse

Today, Thursday,
Friday

Come to the electric cooking school and see why the modern electric range with its flameless concentrated heat never blackens the bottom of pots or pans. After cooking one meal or a dozen you can wipe the bottom of a pan with a dainty handkerchief without the least danger of soiling it.

A leading expert in meal planning and preparation gives a series of everyday, sensi-

ble demonstrations of electric cookery. She will demonstrate short-cuts to easier meal preparation that save hours of kitchen time. Electric cooking is faster, cleaner, more carefree and certain because of the insulated oven and the accurate time and temperature control.

Attend these electric cooking sessions. Bring your friends. There is no admission charge and nothing is offered for sale.

HOME BUILDING DEMAND GAINS

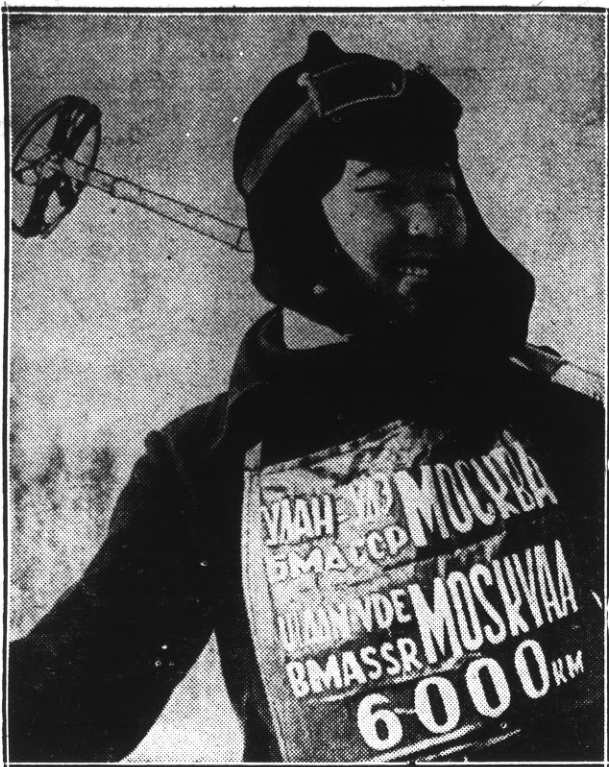

Loan Bank Chieftain Decries "Boom Psychology"

WASHINGTON, D. C.—The elimination of tendencies toward boom psychology in the home building industry and home financing business of the United States was urged today by Preston Delano, governor of the Federal Home Bank System.

"The nation needs a steady and progressive expansion of housing facilities, entirely separated from any thoughts of new booms—and depressions," he said. His suggestion was made as reports were received from all parts of the country indicating this year would set new home building records.

"The Federal Home Loan Bank System, created in 1932 as a mortgage credit reservoir for home financing institutions, has developed a sound, national program which strengthens and encourages home ownership structure. This system naturally is vitally interested in a safe and sane, and well ordered development in this field.

"Unfortunately, there has been an increase in spoken and printed comments about the new upward trend in home building in which reference is made to another boom. The press is playing its part in pointing out the fallacy of boom psychology, but the newspapers and magazines can do

4,000 MILES ON SKIS—Marusya Khakhalova, 18-year-old Communist collective farm girl, youngest of the group of girl athletes who made a 4,000-mile ski run from their home at Ulan-Ude, capital of Buryat, Mongolia, to Moscow. Fierce blizzards beset them as they crossed the Ural Mountains, to cover the distance in 137 days and arrive in time for "Women's Day."

even more along this line by constantly stressing the need of permanence and steadiness in home building.

Presidents of the 12 regional Federal Home Loan Banks report the demand for home financing is running anywhere from 50 per cent to 400 per cent greater than it was a year ago. They have just returned to their districts from Washington, where they held their semi-annual conference, and discussed with Mr. Delano, and other officials of the system, plans for an increasingly active spring and summer. Twenty-one dairymen of San Joaquin County have entered their herds in the new dairy improvement plan of the Bureau of Dairy Industry.

POSSE TRAILS FALLEN LINER

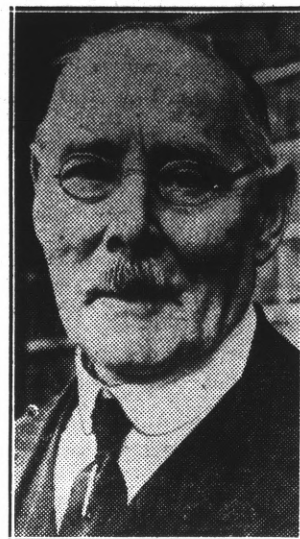

(Continued from page 1)
expect to reach the scene of the wreck until this afternoon.

Major A. D. Smith, TWA pilot who discovered the twisted wreckage yesterday, was to return here from Albuquerque, N. M., to direct the posse. Plans called for him to circle over a meadow eight miles from here, and to confirm, by wagging the wings of his big plane, the direction of the wreck as marked by the posse with red bunting laid out on the snow. He planned to drop a red flare over the wreckage to guide the searchers further.

GRAND-BRYCE CANYON TOUR BEST IN MAY

Motorists contemplating a trip to the Grand Canyon National Park in Arizona, also to Bryce and Zion parks in Utah, are advised that the months of April, May and June are fine months in which to make the trip; however, as the road to the North Rim of the Grand Canyon usually does not open until early in May, the trip should be planned for about the middle of May in order that the scenic beauty of both North and South Rims of the Canyon may be enjoyed.

A splendid trip, offering grand and diversified scenery is outlined by L. L. Norris, touring director of the National Automobile Club. First, to the South Rim of the Grand Canyon via paved roads. Thence via the scenic Navahopi road to Cameron, 85 miles of excellent paved highway. Every turn of this road discloses spectacularly beautiful views of the Painted Desert. At Cameron, a picturesque trading post, the Navahopi road intersects U. S. 89, fine, wide graded gravel leading northward along the base of the Echo Cliffs to the Navajo bridge across the Colorado River. Here is another trading post and good overnight accommodations. From this point, a wide, fast,

OBJECTOR—Small, elderly Francis Stephenson, London law clerk, who figured for a while as an obstacle to the Duke of Windsor romance, when he gave notice he would oppose the Simpson divorce decree from becoming absolute. Later he withdrew his action, asserting he did not wish to annoy the former King, if Edward really loved Mrs. Simpson.

graded gravel highway follows the base of the gorgeous Vermillion Cliffs to Houserock. Just beyond Houserock, the road ascends via easy grades and penetrates miles of attractive National Forest lands. From Jacobs lake, good oiled and paved road turns south through the famous Kaibab National Forest to the North Rim of the Grand Canyon. Jacobs lake is also the junction point for the road leading north to Bryce Canyon, or east from Carmel Junction to Zion. Each of these canyons offers distinct and impressive scenery which merits at least a day.

The return trip may be made by St. George, Utah, thence to Las Vegas, Nevada, with a side trip over 30 miles of pavement to Boulder Dam. The time required for the entire trip is dependent upon driving speeds and daily schedules, but 10 or 12 days would cover it comfortably and allow enough time to enjoy the scenic beauties of the parks.

Farmers of Kern County have drilled seventy-six new wells.

The Stanislaus County Jersey Breeders' Association is planning a spring show.

Joseph Vierria, Cottonwood, Merced County, has been busy budding walnuts.

COUGARS BEAT SUTTER CREEK

WATER DISTRICT REORGANIZATION IN LEGAL SNAG

SAN FRANCISCO (UP)—The U. S. Circuit Court of Appeals has granted a motion by Milo W. Bekins and other bondholders of the Lindsay-Strathmore Irrigation District, reversing a lower court decision in the district favor.

The lower court had approved a reorganization plan objectionable to a group of bondholders.

The decision was in conformity with the United States Supreme Court decision last year, invalidating certain provisions of the amended municipal bankruptcy act.

The Supreme Court within a few weeks is expected to rule on a petition for review of its 1936 petition.
